## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The following section indicates the accomplishments in the Town of Islip within the Program Year from July 1, 2022 through June 30, 2023 using the three HUD Entitlement Grant sources (CDBG, HOME, and ESG), the residual HOPWA Grant funds, and supplemental funds provided for COVID-19 relief initiatives (CDBG-CV and ESG-CV). These accomplishments are grouped according to the "Priority Needs" set forth in the Town's Consolidated Plan.

During the reporting period the Town of Islip was able to:

1. Expand Housing Opportunities for Very Low and Other Low Income Renters
2. Improve Housing for Very Low and Other Low Income Homeowners
3. Expand Owner Occupied Housing Opportunities for Very Low and Other First-Time Homebuyers
4. Facilitate the Location of Housing for the Homeless and Households with Specialized Needs
5. Expand Employment Opportunities for Low and Moderate Income Persons
6. Stabilize and Improve the Quality of Neighborhoods
7. Provide Equal Access to Public Facilities and Private Homes through the Removal of Architectural Barriers
8. Break the Cycle of Poverty by Addressing the Needs of Disadvantaged Children and Other Special Needs Populations
9. Continue implementation of a substantial urgent need effort started in 2020 to address the Nation-Wide pandemic through the Agency's COVID-19 Related Relief Public Service Initiatives to mitigate the spread of COVID-19

Actual accomplishments for the year ended June 30, 2023 are listed in Table 1.

### **Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected Strategic Plan	Actual Strategic Plan	Percent Complete	Expected Program Year	Actual Program Year	Percent Complete
Affordable Housing	Affordable Housing	CDBG: \$ / HOME: \$	Homeowner Housing Added	Household Housing Unit	12	12	100.00%	6	4	66.67%

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

In general, the Town of Islip continues to make significant strides in addressing each of the needs identified in the Consolidated Plan. Every project and 100% of all grant funds expended during this and previous grant years has been designed to address these needs. Aside from grants made directly to the Town of Islip or the CDA, the Town has also provided "Certifications of Consistency" to many non-profit organizations

seeking funding under the annual HUD Super NOFA. In addition, it has assisted non-profits in applying for funds under the New York State HOME, Housing Trust Fund and Affordable Housing Corporation programs, the Federal Home Loan Bank of New York Affordable Mortgage Program, Youth-Build and others.

In short, activities have been implemented with an eye toward identified needs, and no stone has gone unturned in the quest for program resources. This is especially true in the case of affordable housing. The CDA has a four-pronged strategy in its actions to create affordable housing opportunities. First, it acquires and rehabilitates or reconstructs vacant, boarded up homes which require repairs too extensive to make the home readily marketable to a low-moderate income homebuyer. By holding a first mortgage at a low interest rate, plus one or more "soft" second mortgages on a home that has already been totally renovated, it can make housing affordable to lower income families. At the same time, a blighted and de-stabilizing influence in the neighborhood is eliminated. Second, for prospective homebuyers who cannot save sufficient funds for a down payment on their own, the CDA's Rent with Option to Buy Program provides them an opportunity to save funds through mandatory payments included in their rent.

Through this program, many families who might never have had the opportunity to purchase a home are becoming homeowners. Third, families with insufficient down-payment funds can be assisted through the Employer Assisted Housing Program run jointly by the Suffolk County Community Development Consortium and the Towns of Islip, Babylon and Huntington. Through this program, homebuyers meeting HUD's low income guidelines and employed by participating companies, can receive up to \$12,000 in HOME funds and \$3,000 or more in employer funds toward the down-payment on their new home.

The fourth prong in the provision of affordable housing is the work by not-for-profit housing organizations. Each has a different technique, but uses the funds wisely in the production of housing. The actions and achievements of Long Island Housing Partnership, Youth Enrichment Services, Mercy Haven, United Way of Long Island and many others have already been documented elsewhere in this report. For the July 1, 2022 through June 30, 2023 reporting period CDBG funds were used to acquire two (2) properties to use for affordable housing, provide four (4) income eligible households with an affordable home through the Rent with Option to Purchase Agreement program, assisted 5,554 youths and adults through public service programs, investigated 1,063 Code Violations Complaints, assisted nine (9) income eligible homeowners with home repairs and provided five (5) businesses with facade improvements. HOME funds used in conjunction with CDBG funds were used to rehabilitate three (3) affordable homes for use in the Town of Islip CDA's Rent with Option to Purchase program.

**CR-10 - Racial and Ethnic composition of families assisted**

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	<b>CDBG</b>	<b>HOME</b>	<b>ESG</b>	<b>HOPWA</b>
White	4630	2	222	0
Black or African American	1907	0	413	0
Asian	540	1	1	0
American Indian or American Native	28	0	20	0
Native Hawaiian or Other Pacific Islander	12	0	0	0
<b>Total</b>	<b>7117</b>	<b>3</b>	<b>656</b>	<b>0</b>
Hispanic	3715	2	184	0
Not Hispanic	4680	0	558	0

**Table 2 – Table of assistance to racial and ethnic populations by source of funds**

**Narrative**

CDBG Funds were utilized for Affordable Housing, Homeless Housing, Home Repair, Commercial Rehabilitation, Public Services, Code Enforcement, and Public Facilities and Improvements Activities. Please Note: Actual accomplishments for CDBG in chart above (Total - Race) for the year ended June 30, 2023 should be 8,395 - Race and Ethnic Categories for 1,278 individuals identifying as multi-racial or other are not shown in chart above.

HOME Funds along with CDBG Funds were used to rehabilitate three (3) homes to be used in the Agency’s Rent with Option to Buy Program.

ESG funds provided emergency shelter for seven hundred and eighty-one (781) individuals, rapid re-housing for two (2) individuals, and one (1) individual with homelessness prevention assistance.

## CR-15 - Resources and Investments 91.520(a)

### Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	6,033,596	3,592,353.13
HOME	public - federal	686,520	625,377.59
HOPWA	public - federal	0	0
ESG	public - federal	174,796	46,079.25

**Table 3 - Resources Made Available**

### Narrative

The following is a summary of expenditures and accomplishments f/y/e June 30, 2023:

Community Development Block Grant (CDBG)

1. Thirteen (13) public service proposals were funded and completed serving 5,554 youths and adults with a total expenditure of \$354,395.85.
2. One Thousand and Sixty-Three (1,063) Code Enforcement complaints were investigated with a total expenditure of \$100,000.00.
3. Nine (9) owner-occupied homes renovations were completed under the Agency's Home Repair Program at a cost of \$557,610.00.
4. Five (5) businesses were assisted with Sign Grants / facade improvements under the Commercial Rehabilitation Program with a total expenditure of \$30,508.58
5. Expenditures of \$1,656,320.74 were made for acquisition and rehabilitation of properties to be used in the CDA's affordable housing project. Four (4) homes were occupied under the Rent with Option to Purchase Agreement and two (2) properties were acquired using CDBG, HOME and/or Project Income Funds. Homes will be renovated/constructed and sold in future affordable housing lotteries. Remaining costs constituted re-construction/development costs on other CDA owned properties.
6. Expenditures of \$100,000.00 were used to repair 10 units of permanent affordable rental housing for formerly homeless families.
7. \$22,474.55 was spent on the Village Consortium to make accessibility improvements to the Walker Beach restrooms in Brightwaters.
8. Expenditures of \$89,123.83 were made towards Public Facilities and Improvements at the Central Islip Senior Center.
9. Administrative costs incurred by the Agency during the reporting period totaled \$681,919.58.

Home Investment Partnerships Program (HOME)

1. \$610,103.05 in HOME Funds were used to rehabilitate three (3) homes for use in the CDA's Rent with Option to Purchase Program (this accomplishment is shared with CDBG because CDBG funding was also used).
2. HOME funds totaling \$13,800 were used towards the acquisition of a home that will be used in the CDA's Rent with Option to Purchase Program.
3. Administrative costs incurred by the Agency during the reporting period totaled \$1,474.54.

Emergency Solutions Grant (ESG)

- 1. Homelessness prevention expenditures totaled \$15,641.54.
- 2. Rapid re-housing expenditures totaled \$7,016.95.
- 3. Administrative costs incurred by the Agency during the reporting period totaled \$23,420.76.

Housing Opportunities for Person With AIDS (HOPWA)

- 1. HOPWA program income totaled \$1,066,681.87, of which \$219,032.49 was spent on projects to ensure preservation of existing units.

Community Development Block Grant - CV (CDBG-CV)

- 1. Urgent need COVID-19 Related Relief Initiative expenditures totaled \$56,863.98, with grants provided to several organizations for medical equipment, supplies, meals, and other related services.
- 2. Emergency Mortgage Assistance Payments totaled \$619,614.78 and assisted twenty-five (25) households.
- 3. Administrative costs incurred by the Agency during the reporting period totaled \$55,646.05.

Emergency Solutions Grant – CV (ESG-CV)

- 1. Funds in the amount of \$6,621.00 were provided to Long Island Coalition for the Homeless, Inc. (CoC Lead Agency) for HMIS Reporting.
- 2. Rapid re-housing expenditures totaled \$277,559.82.
- 3. Homelessness prevention expenditures totaled \$27,495.00
- 4. Administrative costs incurred by the Agency during the reporting period totaled \$36,422.04.

**Identify the geographic distribution and location of investments**

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
BAY SHORE, BRENTWOOD AND CENTRAL ISLIP	60	50	

**Table 4 – Identify the geographic distribution and location of investments**

**Narrative**

CDBG and HOME program funds were allocated toward activities in Bay Shore, Brentwood and Central Islip as these communities have high concentrations of blighted and foreclosed residences in need of immediate rehabilitation and have a significant number of individuals and/or families living at or below 80% of the area median income. During PY2022, approximately 50% was invested within these communities. This amount is less than planned because of larger expenditures on the housing acquisition and rehabilitation program. However, it should be noted that 100% of all funds expended during the program year throughout the Town of Islip benefited individuals and/or families that were at or below 80% of the area median income (See IDIS PR26 - CDBG Financial Summary Report).

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

- The HOME Program requires a 25% match of funds from non-Federal sources. In Islip, HOME funds are currently being used for acquisition and substantial rehabilitation of single family homes.

The CDA anticipated the following sources of non-federal resources as matching funds for HOME:

The discounted (or waived) purchase price of houses and land purchased from Suffolk County, HUD, and bank foreclosures.

- Yield foregone by Habitat for Humanity of Suffolk for no-interest homeowner mortgages, volunteer labor and donated materials.
- Long Island Housing Partnership – Non-federal resources contributed to the projects. United Way of LI - Volunteer labor, consulting, technical, in-kind services and donated materials.
- Foregone taxes on homes in the affordability program.

HOPWA funding was used by providers of housing for homeless families; the CDA provided the funding and our not for profit partners provided the matching assets in the form of real property. Other non-federal public resources that may be available to the CDA for leverage include resources from State and local entities as well as private funding.

New York State programs include:

- Affordable Housing Corporation – Affordable Home Ownership Development Program
- Housing Trust Fund (HTF)
- Low Income Turnkey/Enhanced Housing Trust Fund Program
- Housing Development Fund (HDF)
- Low Income Housing Tax Credit Program
- Homeless Housing and Assistance Program (HHAP)
- Homeless Re-Housing Assistance Program (HRAP)
- Homeless Prevention Program (HPP)
- Access to Home Program
- Secured Loan Rental Housing Program (80/20)
- SONYMA

The Town of Islip will ensure that 100% of the Emergency Solutions Grant is matched with equal

resources. This matching funds requirement will be passed through to the subrecipients, and must be detailed in their responses to the RFP. The match may be cash or an in-kind contribution, and cannot be counted as satisfying the matching requirement of another federal grant. Only matching funds meeting the requirements of 24 CFR §576.201 will be accepted. Matching fund documentation will be required from the subrecipient(s) before any reimbursements will be made. For fiscal year 2022, the Town of Islip had an excess match carry forward of \$2,918,176 (See below - Fiscal Year Summary - HOME Match). During the reporting period the Town of Islip met its requirement by realizing \$161,569 in foregone taxes on homes in its affordability program.

<b>Fiscal Year Summary – HOME Match</b>	
1. Excess match from prior Federal fiscal year	\$2,811,320.00
2. Match contributed during current Federal fiscal year	\$161,569.00
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	\$2,972,889.00
4. Match liability for current Federal fiscal year	\$54,713.00
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	\$2,918,176.00

## CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	20	3
Number of Non-Homeless households to be provided affordable housing units	15	15
Number of Special-Needs households to be provided affordable housing units	0	0
<b>Total</b>	<b>35</b>	<b>18</b>

**Table 11 – Number of Households**

	One-Year Goal	Actual
Number of households supported through Rental Assistance	20	3
Number of households supported through The Production of New Units	6	4
Number of households supported through Rehab of Existing Units	5	9
Number of households supported through Acquisition of Existing Units	0	2
<b>Total</b>	<b>31</b>	<b>18</b>

**Table 12 – Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The single most contributing factor in meeting our goals is the high cost of housing and/or land included: lack of suitable undeveloped land, high land and construction costs, high property tax burden (especially on low - and moderate -income households), and high homeownership and rental costs. Although these are major impediments, we believe that the Town of Islip reasonably met and/or exceeded our planned goals due to the following:

Actions Utilized to Overcome the Impediment

- Continue assisting in the financing of affordable housing projects.
- Continue to work to increase the supply of affordable rental units throughout the Town, particularly large size units for low and extremely low-income families, by encouraging developers to construct affordable rental housing via the Town's inclusionary zoning regulations.
- Continue to use under-developed, under-utilized, and other sites for the construction of affordable housing.

- Adopt the New York State First Time Homebuyers property tax exemption, which provides a limited tax exemption (on local, but not county or school taxes) for first time homebuyers.
- Increase efforts to provide housing, especially affordable housing, on publicly-owned (e.g., Town, County, State) lands that become available or are deemed a surplus.
- Prioritize affordable housing projects in areas with high housing cost burdens.
- Prioritize affordable housing projects serving populations identified as having a high cost burden, specifically, elderly, disabled, and the growing disabled population with non-physical disabilities.

During the program year grant funds were utilized as follows:

#### Community Development Block Grant (CDBG)

1. Four (4) homes were occupied under the Rent with Option to Purchase Agreement and two (2) properties were acquired using CDBG, HOME and/or Project Income Funds. Homes will be renovated/constructed and sold in future affordable housing lotteries. Remaining costs constituted reconstruction/development costs on other CDA owned properties.
2. Nine (9) owner occupied homes renovations were completed under the Agency's Home Repair Program.

#### Home Investment Partnership Program (HOME)

1. Three (3) homes were rehabilitated to be used as affordable homes in the Town of Islip CDA's Rent with Option to Purchase program (these activities were also funded with CDBG funding).

#### Emergency Solutions Grant (ESG)

1. One (1) household was assisted with homelessness prevention.
2. Two (2) households were assisted with rapid re-housing.

#### **Discuss how these outcomes will impact future annual action plans.**

The Town of Islip has and will continue to strive to stabilize and improve the quality of our neighborhoods. Due to the fact that the Town of Islip is designated as a high-cost area coupled with decreased funding, it will be difficult to maintain a high level of accomplishments as the need for affordable housing far exceeds the amount of funding made available to participating jurisdictions.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

<b>Number of Households Served</b>	<b>CDBG Actual</b>	<b>HOME Actual</b>
Extremely Low-income	0	0
Low-income	1	0
Moderate-income	12	3
<b>Total</b>	<b>13</b>	<b>3</b>

**Table 13 – Number of Households Served**

DRAFT

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Town of Islip encourages the work of groups who are dedicated to providing housing assistance for people with special needs and/or who are homeless. The CDA utilizing CDBG funds, has been supporting an enrichment and skills development program for Mercy Haven, Inc. (Residential Empowerment and Achievement Program - R.E.A.P.) homeless clients for many years. Residual HOPWA funds (program income) have been used and will continue to be used in accordance with HUD regulations and guidance. (See the HOPWA CAPER at the end of this report for Program Year Accomplishments.)

ESG and ESG-CV funds are used for shelter operations, rapid re-

housing, and homelessness prevention.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The CDA has provided numerous grants in previous program years to assist in upgrading and rehabilitating homes owned by not-for-profit housing providers. Those providers include the Family Service League, Interfaith Nutrition Network, Suffolk County Coalition Against Domestic Violence, Suburban Housing, United Veterans Beacon House and Mercy Haven. The Town of Islip has made efforts to fund and/or support a wide variety of programs for persons with special needs in order to implement its Continuum of Care strategy. Programs have been approved which address the need for short and medium term emergency housing, as well as transitional and permanent housing. Furthermore, public services are provided that deal with persons in each of these housing types, including but not limited to employment training, day care and traditional social work.

### **Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

Some of the major components of the Suffolk County Continuum of Care strategic planning objectives are to end chronic homelessness by creating new permanent housing beds for chronically homeless individuals, increasing the percentage of homeless persons staying in permanent housing,

increasing the percentage of persons employed at program exit, and decreasing the number of homeless households with children. The vast majority of homeless housing and homeless services are provided by non-profit organizations using grant funds other than those covered in this application. Town of Islip financial assistance includes the Community Development Block Grant and/or HOME funds for acquisition and rehabilitation of homes to be used for permanent homeless housing. The entire Emergency Solutions Grant is utilized to provide emergency, family homelessness prevention and rapid re-housing assistance. In addition, tax foreclosed land is transferred, when appropriate to non-profit organizations for the development of new homeless housing with other grant sources. The location of housing for the homeless and households with specialized needs is an important component of the Consolidated Plan and requires consultation with Islip's Planning Department as well as others. The integration of this component with the overall Consolidated Plan is optimized when the resources available to create housing for the homeless and those with specialized needs is targeted to blighted sites, where the investment and change in ownership will improve the community in addition to providing needed housing. Transitional neighborhoods between residential and commercial areas, with access to shopping, public transportation, public facilities, schools and the like, are appropriate locations for housing for families and individuals without the means to access necessary private supportive services. Housing units should be located throughout the entire Town of Islip to avoid creating neighborhoods with a greater than fair share of supportive housing. Of course, families should be encouraged to remain in their community of origin, where possible, to maintain a continuity of services. This is particularly true when children are involved. Working with program participants and ensuring that they are enrolled in appropriate educational and/or vocational programs and assisting in access to the necessary skills/training to obtain employment are important components to preventing individuals and families from becoming homeless again.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

Strategies for preventing homelessness are similar to those strategies for reducing poverty. Families are less likely to become homeless when they have access to safe, decent, and affordable housing, and when they have opportunities for stable employment. The Family Self Sufficiency Program administered by the Town of Islip Housing Authority provides preventative assistance to low income individuals and families with children, especially those with incomes below 30% of median, from becoming homeless. Where feasible, the CDA will continue to target public services to support these efforts through its CDBG program. Most public service funds in Islip are targeted to tutoring programs, mentoring programs and family counseling programs in accordance with the philosophy of breaking the cycle of poverty through education and family supportive services. Many non-profit agencies serving the Town of Islip area will also refer households with children to the Emergency Solutions Grant, Emergency Cash Assistance, and

other programs that provide homelessness prevention and rapid re-housing as temporary financial assistance. In addition, other providers assist those families in developing the necessary skills and training to increase their incomes by securing higher-paying employment.

DRAFT

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Housing Authority closed the Rental Assistance Demonstration program conversion in July 2017, which converted all of the public housing portfolio to Section 8 RADPBV units, a hybrid of the Public Housing program and Section 8 program, in order to free up capital fund eligible reserves and reduce administrative burdens. Following are the specific actions planned during the next year by the Town of Islip Housing Authority to address the needs to RADPBV:

- Establish ongoing rehabilitation protocol of kitchens and baths for approximately 60 units/year at various properties as units become vacant.
- Continuous painting cycle at various properties.
- Implement ongoing Section 504/ADA reassessment plan.
- Improvement/implementation of security cameras and updated Wi-Fi.
- Work with NYSERDA to assess the feasibility of solar panels on all buildings including PHA main office.
- Create a welcome environment at site community rooms by updating the locations with furnishings, games, etc. as well as provide voluntary monthly 'get togethers'.
- LI Harvest Food Bank deliveries to sites monthly.
- Update cyber security including penetration testing.
- Ongoing improvements to site lighting by replacing HPS fixtures with LED fixtures.
- Ongoing site signage improvements.
- Sealcoating of all parking areas and roadways as well as striping at all locations.
- Motion Sensor lighting for all public areas and maintenance shops.
- Complete minor walkway concrete repairs.
- Address Fair Housing rule about affirmatively furthering fair housing, which has been postponed due to HUD changing the time frame for implementation. Ongoing monitoring and continued affirmatively furthering fair housing under existing rule.
- Ongoing energy sealing of units, including caulking of all windows and doors, as part of unit turnovers.
- Work on the physical needs 20-year plan as provided with the RAD conversion to achieve long term continued viability. Repairs are continuous and ongoing.
- Ongoing disposition of aged fleet vehicles.
- Ongoing – expansion initiatives for additional affordable Housing within our jurisdiction.
- Continue migration of hard copy filing system to electronic system consistent with HUD requirements.
- Perform annual full site inspections, requirement recently updated by HUD.
- Perform annual and interim certifications to adjust tenant portion of rent due to coincide with income.
- Promote assistance programs available to help residents with utilities such as electric and Wi-Fi.
- Plans for additional improvements include pressure washing and landscaping improvements.
- Engagement in inter-municipal cooperation when and where appropriate.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

The Housing Authority will continue its current tenant outreach including newsletters, frequent notices, robocalls, annual picnics, and encouragement of involvement with each recertification packet and tenant organizations. The Housing Authority utilizes a mass phone dialer and texting system with information for its tenants. Approximately 98% of the Housing Authority's tenants are elderly and therefore not prime candidates for home ownership. For families with sufficient income, disabled and/or elderly households who desire home ownership, the Housing Authority promotes homeownership through notices. The Housing Authority has also converted 18 units of public housing to owned units via the Section 23 conversion process.

### **Actions taken to provide assistance to troubled PHAs**

The Town of Islip Housing Authority is designated as high performing.

DRAFT

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

To alleviate the high cost of land, Suffolk County implemented a program whereby surplus tax defaulted County owned properties are made available to the Town for its affordable housing program. Through this program, the Town and/or non-profit agencies must construct new affordable housing units on the site or renovate existing homes for low and moderate income households. In addition to the Long Island Workforce Housing Act, the Town has established a density bonus program where the developers are permitted to construct additional units on a site, provided that percentage of units are set aside for affordable housing purposes. The Town also worked with the County in providing down payment assistance to first time homebuyers.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The Town has worked to amend its zoning code to reduce barriers by modifying its accessory apartment ordinance as well as providing incentives to encourage affordable units in new developments. The Town has consulted with various non-profits to discuss suitable locations for affordable and special needs housing. With the assistance of Suffolk County, the Town has been able to transfer properties to meet these needs. In order to improve housing for physically disabled adults, the Town has implemented the universal design method to incorporate flexibility and alternative means of use in the design, construction, and modification of homes. We will continue with our outreach efforts to address our handicapped accessibility program. The Town advertised once a month in local English and Spanish newspapers with regard to said program and its availability.

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

CDA continues to reduce lead-based paint hazards by using the following:

- Implementation of HUD's Lead Based Paint Poisoning Prevention Act's regulations (24 CFR Part 35).
- Utilized CDBG and related funds for residential rehabilitation of homeowner and rental housing units.
- Replace abandoned and deteriorating housing with new construction, to the extent possible.
- Test for lead-based paint, coordinate testing information with the County Department of Health and enforce lead-based paint abatement.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The CDA continues to target public services to support efforts to reduce the number of poverty level families through its CDBG program. Most of the public service funds in Islip were utilized by tutoring programs, mentoring programs and family counseling programs in accordance with the

philosophy of breaking the cycle of poverty through education and family supportive services. Most public service funds were awarded to agencies that serve low and moderate income youths, with the remainder going to those serving special needs or illiterate adults. The Family Self Sufficiency Program administered by the Town of Islip Housing Authority provided homeless preventive assistance to low income individuals and families with children, especially those with incomes below 30% of area median.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

The CDA continues to be a part of an extensive networking group to provide affordable housing and other public services in the Town of Islip. During fiscal year 2022, the CDA met with numerous agencies to discuss these services and their efforts to continue to expand to meet the populations in need. Pursuant to the Town's code with regard to Affordable Housing, a maximum of 20% of all units built in a development must be maintained as affordable units.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

As described above, the CDA has developed ongoing relationships with various nonprofits organizations, governmental departments, and private organizations. The CDA will continue to foster these relationships and bridge any gaps in an effort to enhance coordination between the applicable agencies providing public and private housing as well as social service programs.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The Town updated its Analysis of Impediments in 2020 which indicated the actions to affirmatively further fair housing and were grouped into three categories:

Intent: The obligation to avoid policies, customs, practices, or processes whose intent or purpose is to impede, infringe, or deny the exercise of fair housing rights by persons protected under the Act.

Effect: The obligation to avoid policies, customs, practices, or processes whose effect or impact impeded, infringes upon or denies the exercise of fair housing rights by persons protected under the Act.

Affirmative Duties: The Act imposes a fiduciary responsibility upon public agencies to anticipate policies, customs, practices, or processes that previously, currently, or may potentially impede, infringe, or deny the exercise of fair housing rights by persons protected under the Act. The Town has several housing programs and will continue to support projects to help address the housing impediments. The Town also partners with and relies on several local and Countywide nonprofit housing organizations and housing service providers, such as the Central Islip Civic Council, Long Island Housing Services and the

Long Island Housing Partnership to provide a variety of services that promote fair housing practices for protected groups within the Town. These include first time homebuyer assistance, eviction prevention, services to homeless and special needs populations and fair housing complaint monitoring and mediation.

DRAFT

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

The Agency staff monitors all subrecipients to ensure program compliance. Staff utilizes both "Desk Monitoring" and "Internal/On-site" monitoring to assess the quality of program performance over the duration of the contract. Monitoring provides information for making informed judgment about program effectiveness and management efficiency, as well as identifies internal weaknesses that may contribute to fraud or abuse.

The procedures established are to ensure program compliance with the requirements of 2CFR §200.328 and all other applicable laws and regulations. Monitoring of subrecipients shall concentrate on program, financial, and regulatory performance of the subrecipients, including subrecipients of capital improvement project funds. Primary monitoring objectives are to make sure that subrecipients comply with all regulations governing administrative, financial, and programmatic operations. In conducting monitoring and performance reviews, Agency staff will primarily rely on information obtained from the subrecipients' performance reports, records, audits, allowed costs, review of financial reports, eligibility and number of beneficiaries served, compliance with federal regulations and Agency program requirements. Staff may also consider relevant information pertaining to a recipient's performance gained from other sources, including litigation, citizen comments, and other information provided by or concerning the subrecipient.

### **Subrecipient Monitoring Schedule**

Agency staff shall monitor all subrecipients based on the following schedule, and will utilize and complete the monitoring checklist. A record of all monitoring(s) and any subsequent action(s) shall be maintained in the files of each subrecipient.

### **Dates of and Monitoring Type**

- April 1st through May 15th - In-house review and general oversight
- October 15th Through November 30th - On-site visit with review of supporting documentation

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

On September 22, 2023, a notice was published in Newsday stating that the Consolidated Annual Performance and Evaluation Report was prepared and was available for review at the CDA office and on Agency's website. Citizens were given at least fifteen days from the date of the notice to submit comments for inclusion herein. A summary of any citizen comments that were received will be provided to HUD at the close of the official fifteen day comment period. (Proof of Advertisement is attached.)

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

The jurisdiction has not made any program objective changes.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

DRAFT

## **CR-50 - HOME 91.520(d)**

### **Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The Town of Islip CDA owns 7 HOME assisted, 36 CDBG assisted permanent rental units as well as 28 New York State funded rental units, owned and operated by Islip's Housing Development Fund Company, Inc for a total of 71 rental units. The other CDA owned HOME/CDBG houses are either rented out temporarily under the Rent-With-Option to-Buy Program, or have been sold immediately under the Direct Sale Program. All permanent rental homes are inspected on an annual basis by the Town of Islip Housing Authority for compliance with Section Eight housing quality standards. These inspections often indicate the need for minor (and occasionally major) maintenance work, appliance replacements, and other updates which have been performed by CDA staff and/or contractors hired by the CDA. All units have passed Housing Quality Standards inspections with written notice being sent to the tenant and the CDA indicating the results of those inspections. With regard to the Rent-With-Option-to-Buy houses, the contract of sale gives the CDA the right to inspect the units at any time upon reasonable notice. All units are inspected prior to deeding and windshield surveys are performed by rehabilitation personnel working on other projects in the neighborhoods. When the windshield survey reveals deficient maintenance or other problems, a full inspection is scheduled as soon as possible. Finally, responsibility for inspection of HOME/CDBG assisted units owned by non-profit housing providers rests upon the non-profit itself. When the CDA staff performs a monitoring of the subrecipient, however, a request is made to view some of the assisted units. The not-for-profit housing providers that the Agency works with are aware of how important it is to the Town that their assisted units become assets to the community, rather than bare-bones shelters that are eyesores.

### **Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)**

In accordance with Section 92.350 and 92.351 of HOME regulations, the Town has been following its policy of non-discrimination and equal opportunity in housing and in advancing the participation of minority and women-owned businesses in its program activities. Each bid that has been published for construction work related to HOME Program houses specifically states that minority and woman owned contractors are encouraged to participate. In preparation for the new home lottery that was held on October 20, 2021, advertisements were placed in Newsday, Able News, Bilingual News, and NAACP's Colored Advancer. We also notified local service agencies including several involved with veterans, attended various home buying and community expos, and posted the entire application package on our website. Approximately 600 applications were sent to persons who contacted the CDA directly and an

additional 275 were given to our not-for-profit partners for distribution. There were also about 2,000 views of the brochures on our website. A total of 68 applications were received, 24 of which appeared to meet all of the program requirements for affordable housing. Preparations were delayed for the next lottery due to the Nation-Wide COVID-19 Pandemic. CDA statistics regarding beneficiaries of its affordable housing programs indicate that minorities and female headed households are well represented. The racial/ethnic breakdown of applicants throughout the various reports attached hereto clearly indicate effective affirmative marketing by the Town to the applicable groups.

**Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

During the reporting period approximately \$177,429.07 of HOME Program Income was received and of which \$171,091.55 was expended on the following eligible projects:

Home Investment Partnership Program (HOME)

1. The rehabilitation of three (3) houses was completed for use in the Agency's Rent with Option to Buy Program which utilized both HOME and CDBG Funds.
2. Administrative costs incurred by the Agency during the reporting period totaled \$1,474.54.

**Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)**

The CDA has a four-pronged strategy in its actions to create affordable housing opportunities. First, it acquires and rehabilitates or reconstructs vacant, boarded up homes which require repairs too extensive to make the home readily marketable to a low-moderate income homebuyer. By holding a first mortgage at a low interest rate, plus one or more "soft" second mortgages on a home that has already been totally renovated, it can make housing affordable to families with incomes over \$47,500. At the same time, a blighted and de-stabilizing influence in the neighborhood is eliminated. Second, for prospective homebuyers who cannot save sufficient funds for a down payment on their own, the CDA's Rent With Option to Buy Program provides them an opportunity to save funds through mandatory escrow payments included in their rent. Through this program, many families who might never have had the opportunity to purchase a home are becoming homeowners. Third, families with insufficient down-payment funds can be assisted through the Employer Assisted Housing Program run jointly by the Suffolk County Community Development Consortium and the Towns of Islip, Babylon and Huntington. Through this program, homebuyers meeting HUD's low income guidelines and working for participating employers, can receive up to \$12,000 in HOME funds and \$3,000 or more in employer funds toward the down-payment on their new home. Fortunately, Suffolk County has been able to secure funds from the New York State Affordable Housing Corporation that can subsidize the down-payment by an additional \$5,000, and can also provide up to \$20,000 for necessary repairs for the qualified new homebuyers. The

fourth prong in the provision of affordable housing is the work by not-for-profit housing organizations. Each has a different technique, but uses the funds wisely in the production of housing. The actions and achievements of Family Service League, Long Island Housing Partnership, Central Islip Civic Council, Mercy Haven, Suburban Housing, United Way of Long Island and many others have already been documented elsewhere in this report.

DRAFT

## CR-55 - HOPWA 91.520(e)

### Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	0	0
Tenant-based rental assistance	0	0
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0	0

Table 14 – HOPWA Number of Households Served

### Narrative

Through the efforts of the Town of Islip CDA and our non-profit sub-recipient program sponsor, United Way of Long Island, we provide permanent housing units for persons with HIV/AIDS.

Note: All HOPWA permanent housing projects are New York State Energy Star Certified.

Please note PY2017 was the final year the Town of Islip received Formula Funding for the HOPWA Program. All remaining 2017 HOPWA Entitlement Funds have been expended. We are currently working with the United Way of Long Island (Program Sponsor) to development a new HOPWA Project(s) to expend applicable Program Income Funds.

For Program Year 2018, the Town of Brookhaven-NY was designated the new EMSA for the HOPWA Program and will report on accomplishments accordingly.
